**A POS system is an essential part of running any successful store in today's world, and can set your business up for success. Optima APOS Series® is a powerful and true complete ALL-IN-ONE POS solution which is simple to set up and use and designed and tested to withstand the busiest checkouts!**

## POS Software with NO Monthly Fees!

Buy it once and own it forever! Let's face it, businesses are often offered free basic point of sale systems, but in the end, get slapped with unanticipated monthly or hidden fees. Optima APOS offers full featured POS system for a one time purchase with lifetime updates included and no monthly fees that will instantly help improve your cash flow and long term savings.

**NO HIDDEN FEES**

## Accept a wide range of payment options

Thanks to our integration to Datacap the APOS series integrates to every major processor in North America. In addition to major processors, Datacap also supports 1,000's of ISOs and merchant service providers.

EVO | CLEARENT | MAINSTREAM | TRUIST | worldpay from FIS | Heartland | Electronic Payments | First Data
IMS Integrity Merchant Solutions | electronic merchant systems | global payments | PayFacto | CHASE | Moneris | TSYS

## Optima GoPOS®  Software

All of our OPTIMA APOS Series are embedded with our proprietary Optima GoPOS® software offering smoother functionality to meet the needs of various business applications such as retail & convenience stores, restaurants and food trucks. Optima GoPOS® is also frequently improved with software updates by adding new feature releases, functions, enhancements and performance improvements!
